Accountability is King

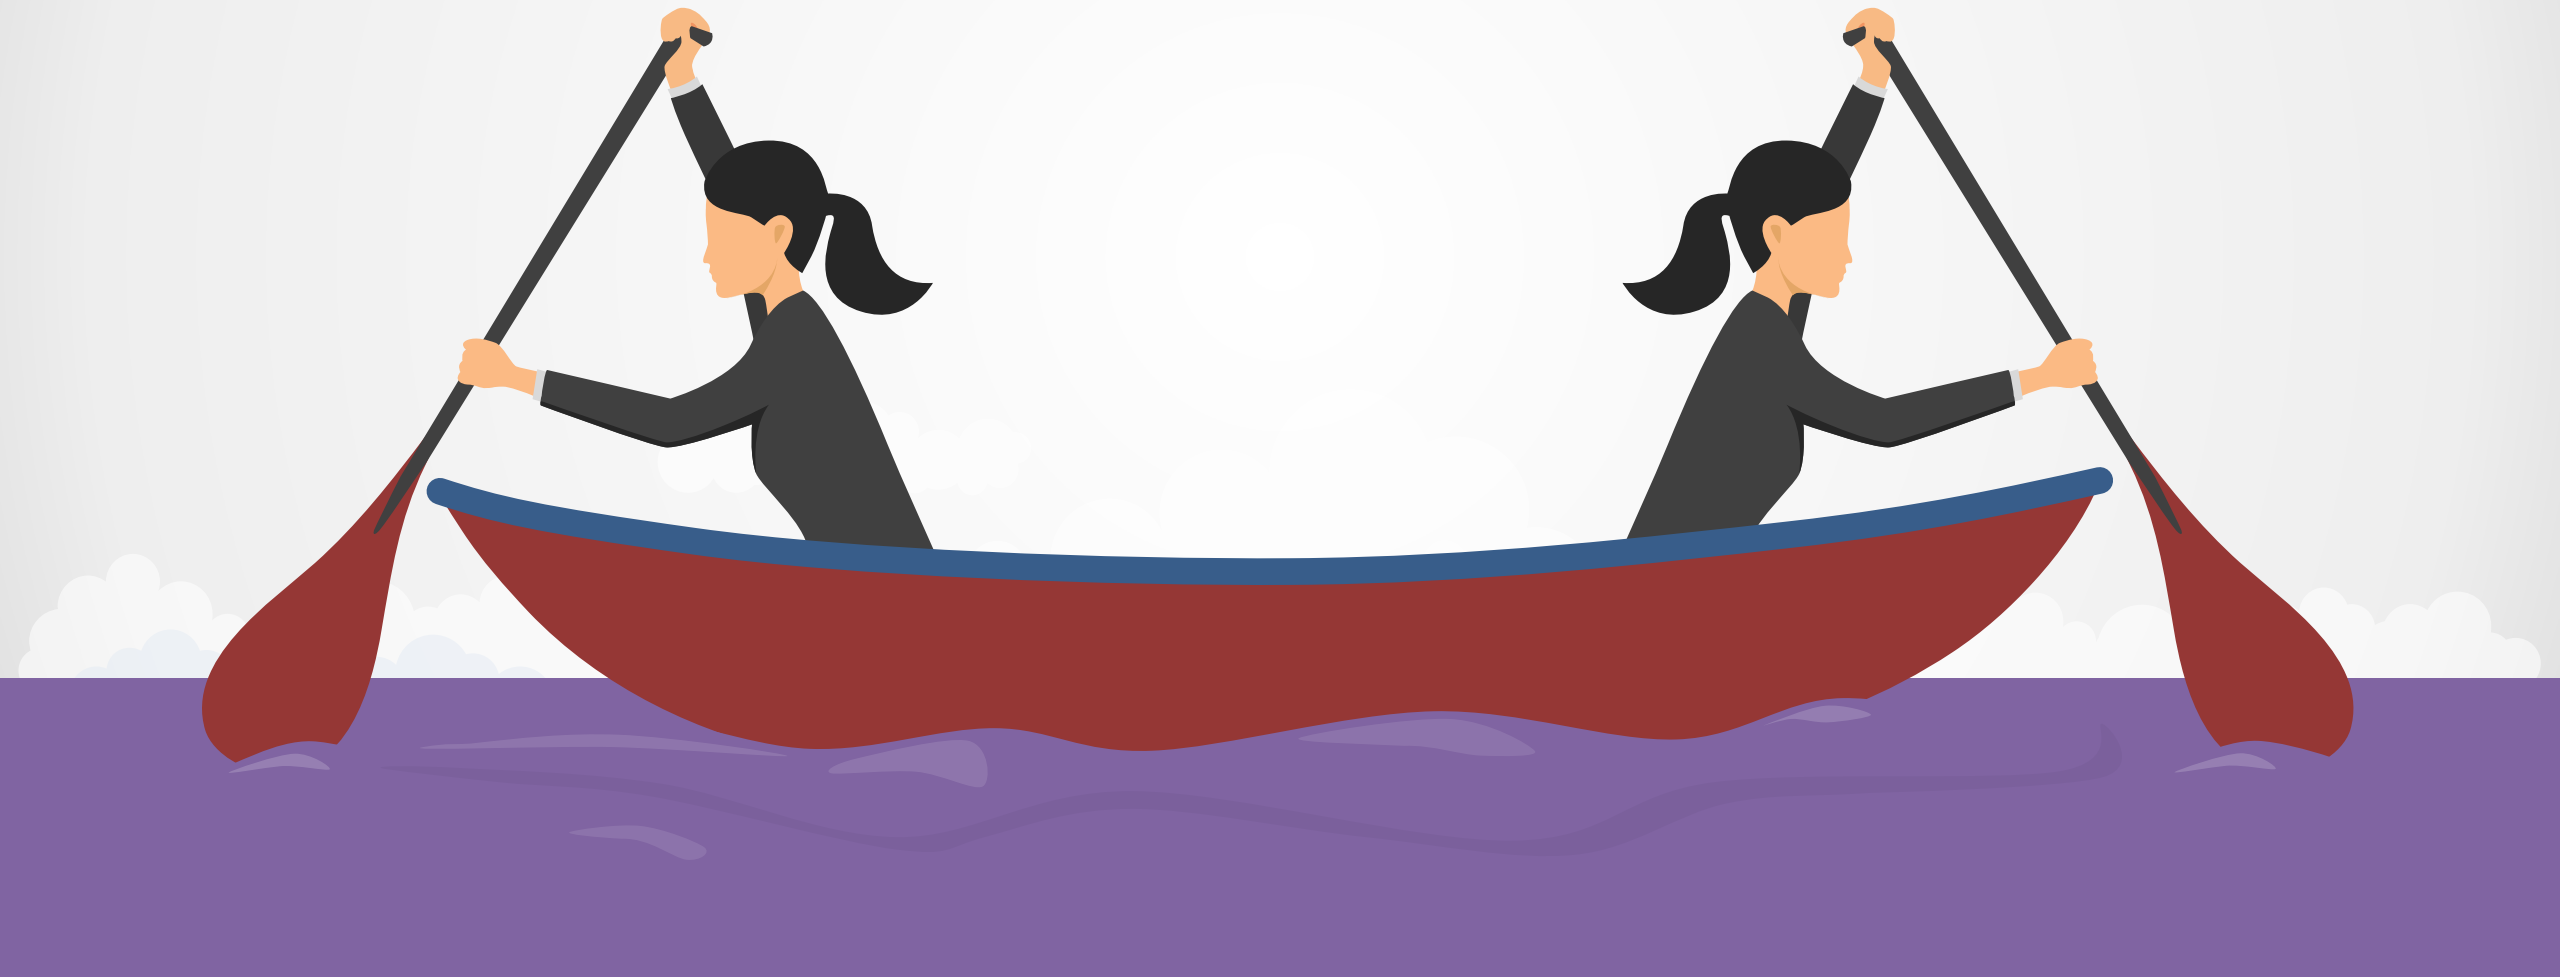

Organizations increasingly collect and process personal data with the involvement of third parties.

Data Controller Vs Processor

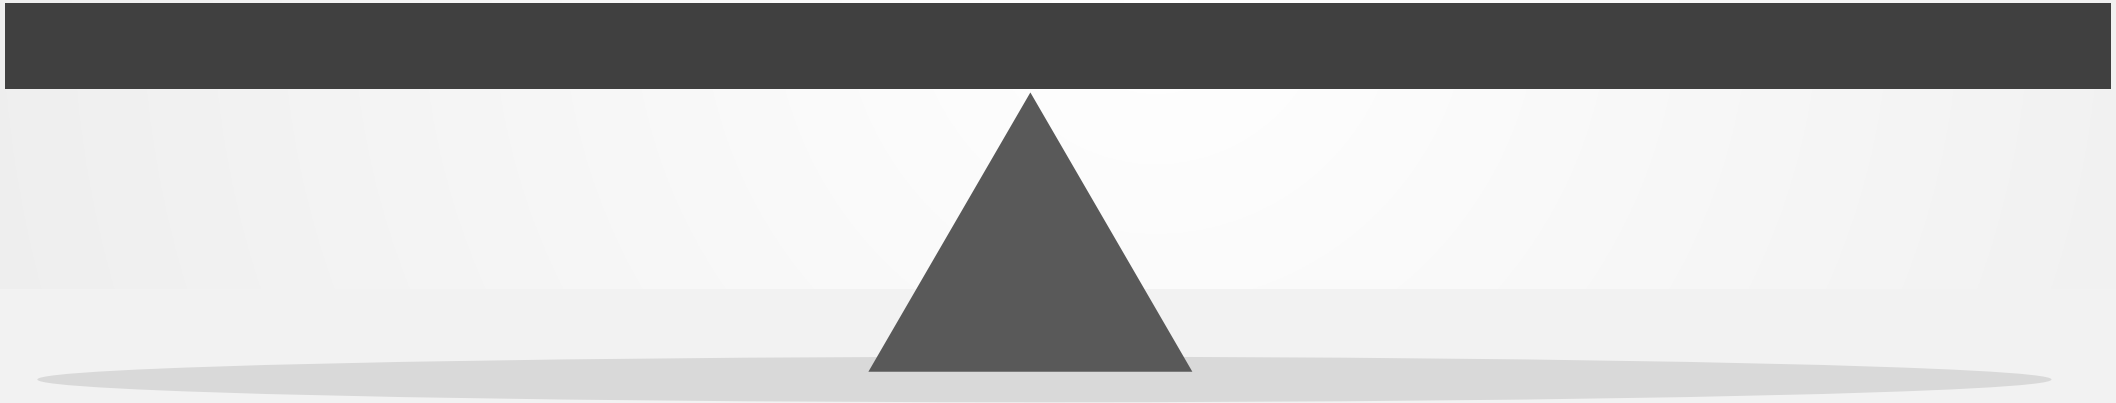

Risk based due diligence

State of the art

Cost of implementation

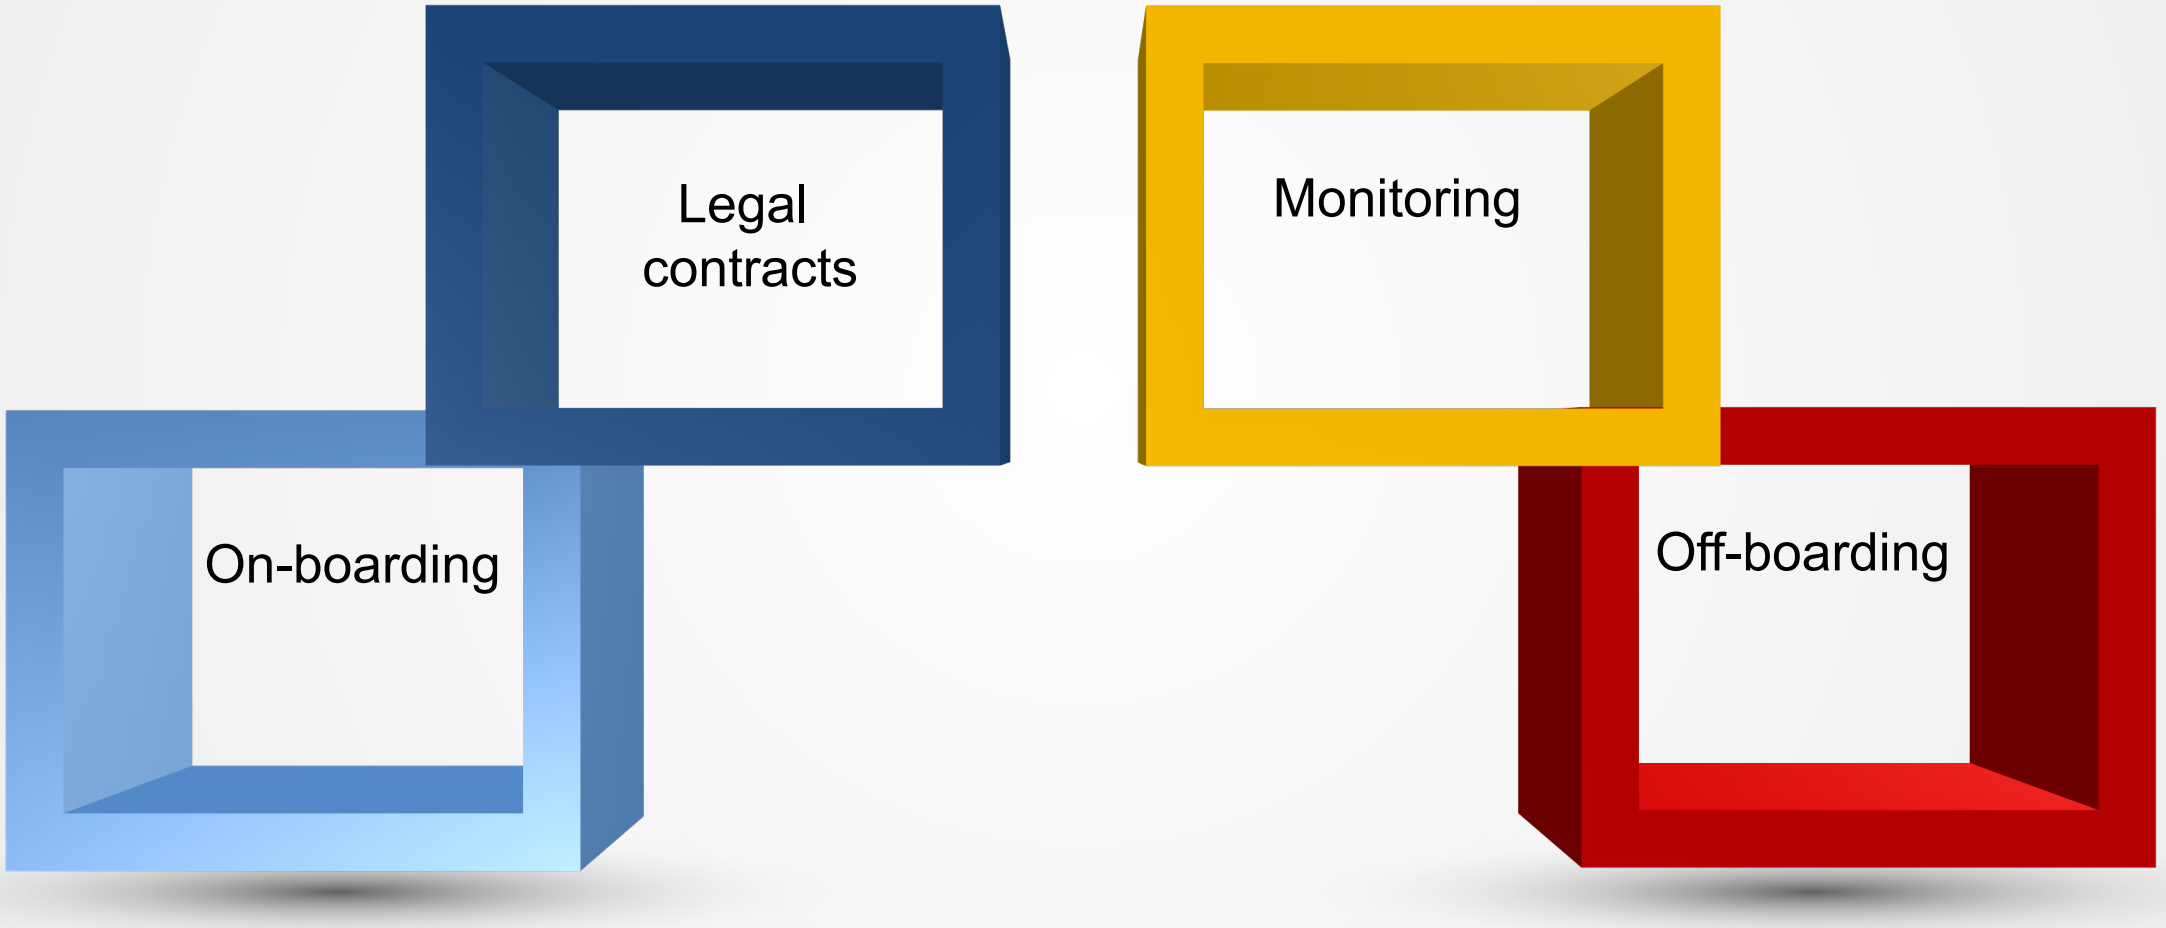

Nature context scope purpose of processing

Risk of varying likelihood and severity for the rights and freedoms of natural persons

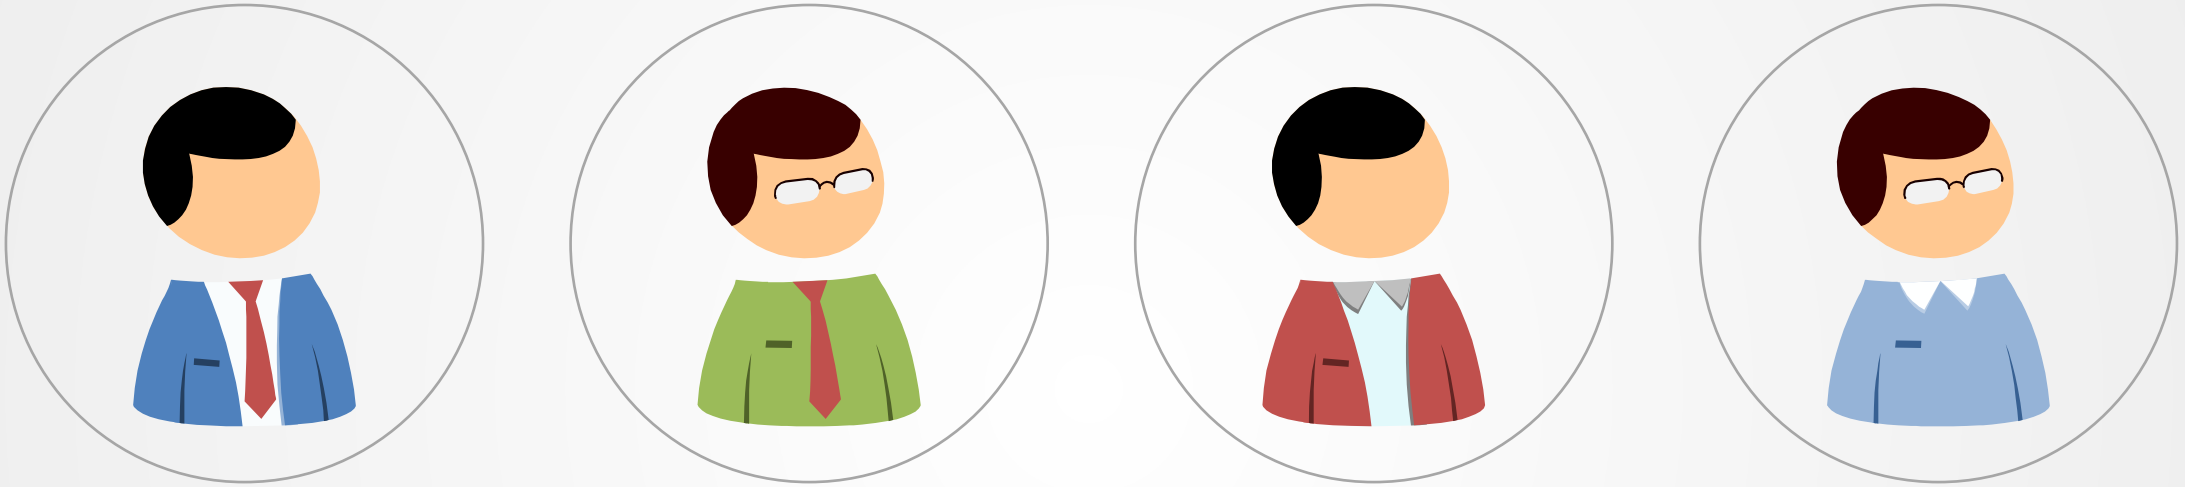

APPROPRIATE TECHNICAL & ORGANIZATIONAL MEASURES

Step wise due diligence framework | Overview

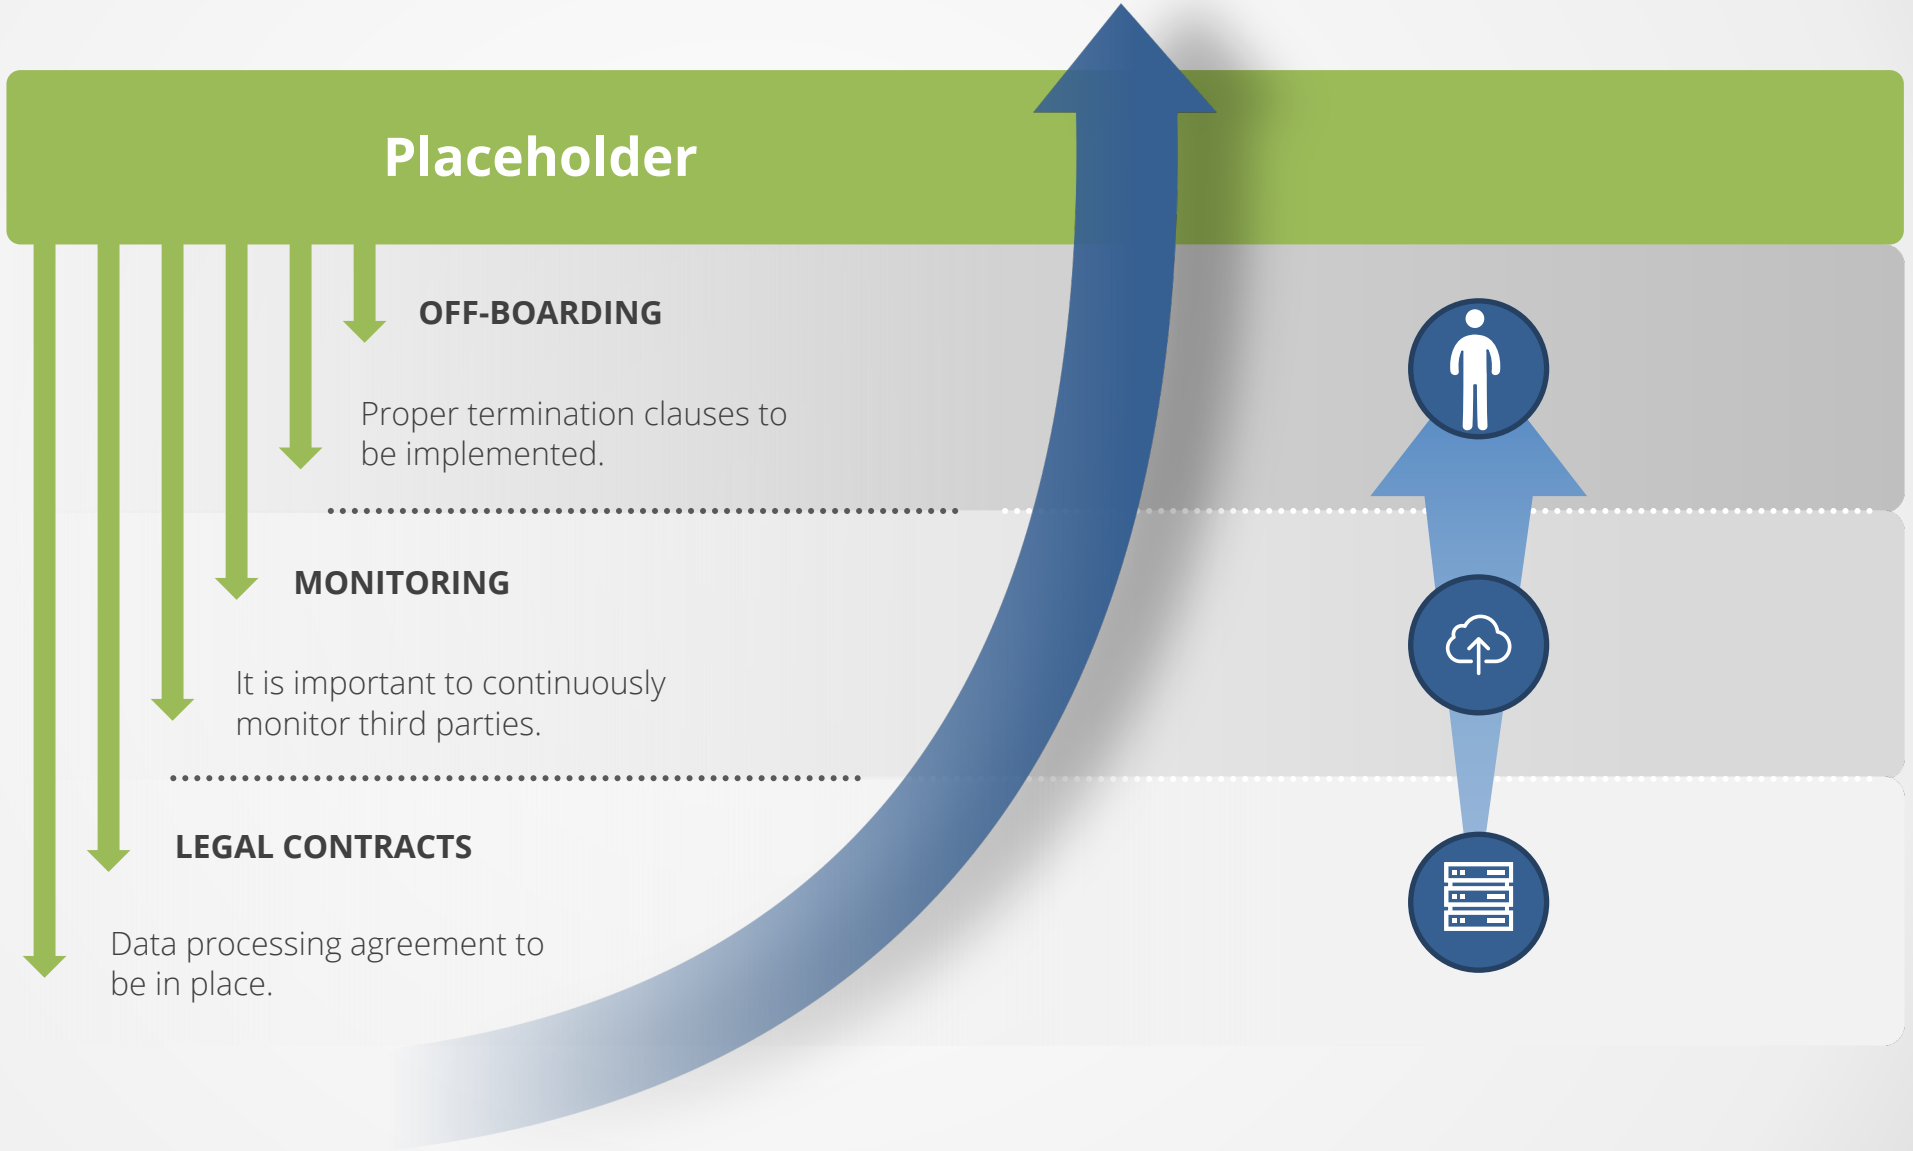

Onboarding a new partner

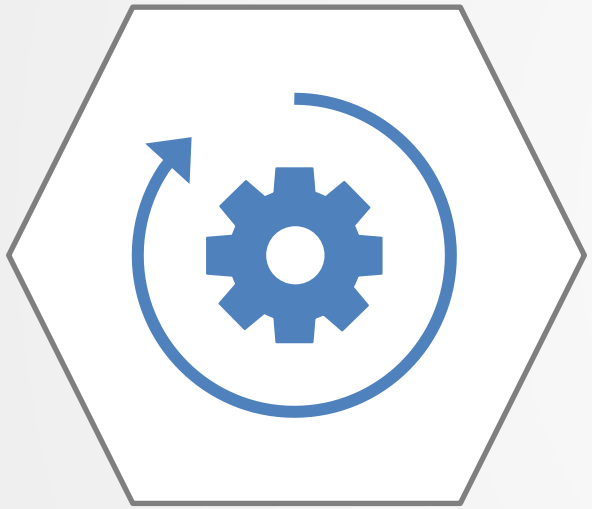

A structured qualification process carried out by cross functional stakeholders is a prerequisite for the selection process.

Due diligence throughout lifecycle

Lessons learnt

Gartner report
A data breach is an average of $ 700,000 more expensive where a third party is involved

GE

Damaging data breach due to unauthorized access of vendor email account

P&N

Recent cyber attack during a server upgrade

Marriott

Data breach when third party software was compromised

Amazon

Over 8 million customers were exposed due to a security vulnerability in a third party app.
